## **SAFETY PROTOCOLS**

**MASK POLICY:** The ISA has made the decision to follow current CDC guidelines, stating masks are recommended for attendees who are fully vaccinated or unvaccinated, and that those who are unvaccinated continue to practice social distancing. Should CDC, Indiana or local guidelines change prior to or during the conference, ISA guidelines will adjust accordingly and be communicated to attendees.

All attendees are encouraged to remain considerate of fellow attendees' health and comfort levels. If you are feeling sick and/or believe you have been exposed to COVID-19 or any of its variants, we ask that you please stay home and contact ISA staff immediately.

If you have specific needs and/or concerns regarding COVID-19, please reach out to Jill Ewing at [jillewing@thecorydongroup.com](mailto:jillewing@thecorydongroup.com).

## **ACCREDITATION & DESIGNATION STATEMENTS**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Indiana Society of Anesthesiologists. The ASA is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of *5.75 AMA PRA Category 1 Credits™*. Physicians should claim only credit commensurate with the extent of their participation in the activity.

## **DISCLOSURE STATEMENT**

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities. Disclosures will be provided to learners before the course.

The Indiana Society of Anesthesiologists complies with the Americans with Disabilities Act and will make every reasonable effort to accommodate your request. For special requests, please contact Jill Ewing at 317.607.9164 or [jillewing@thecorydongroup.com](mailto:jillewing@thecorydongroup.com) at least two weeks prior to this activity.

## DISCLAIMER

The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

## INTENDED AUDIENCE

This program is primarily designed for Anesthesiologists and Certified Anesthesiologist Assistants.

## STATEMENT OF NEED

This program is to join the anesthesiologists and CAAs of Indiana together to network, learn, and earn CME. Our overall goal is to provide the latest medical education to physician anesthesiologists and certified anesthesiologist assistants.

## LEARNING OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Apply new knowledge in anesthesiology to improve patient care.
- Improve advocacy efforts for all patients who receive anesthesia care.
- Identify new ways to improve patient safety at their home institution.
- Apply POCUS knowledge to improve patient care.
