## 2018 Legislative Update #9

### Indiana Society of Anesthesiologists

*March 11, 2018*

State lawmakers are facing a short but hectic week at the Statehouse as the clock winds down on the 2018 legislative session. By law, the General Assembly must adjourn no later than Wednesday, March 14, which leaves only three days for the House and Senate to reach agreement on the nearly 60 bills that are in conference committee.

As of today, five bills on the tracking list have been sent to the governor: [HB 1119](#) (POST), [HB 1384](#) (chiropractors), [SB 410](#) (advanced practice registered nurses), [HB 1143](#) (prior authorization), and [SB 221](#) (INSPECT). Summaries of these bills may be found on the attached tracking list.

Several bills are scheduled for conference committee tomorrow, including [SB 243](#), which would establish a task force to review and make recommendations regarding the licensure of acute care hospitals, sub-acute care hospitals, and recovery centers, and [HB 1317](#), which calls for a study committee on the impact that joining the nurse licensure compact would have on the delivery of nursing services to residents of Indiana.

Following are updated summaries of bills on the tracking list. As always, please let us know if you have any questions or need additional information.

## **SCOPE OF PRACTICE**

---

### **HB 1119 PHYSICIAN ORDER FOR SCOPE OF TREATMENT AND CONSENT (KIRCHHOFER C)**

- Provides that the definition of "cardiopulmonary resuscitation" (CPR) that applies to a do not resuscitate declaration also applies to a physician order for scope of treatment (POST) form.
- Adds licensed dentists, home health aides, and physician assistants to the definition of "health care provider" for purposes of a POST form.
- Establishes a priority order for who may provide consent if an adult is incapable of providing consent to health care. Provides exceptions to the priority order. Provides that if the individuals at the same priority level disagree as to the health care decisions on behalf of the patient, a majority of the available individuals at the same priority level controls. Provides that if an individual is incapable of consenting to the individual's own health care, the health care provider shall make a reasonable inquiry as to the availability of individuals who are able to provide health care consent.

- Specifies that the POST laws do not create a duty for a person to perform CPR on a declarant if the declarant's POST form indicates the declarant is not to be resuscitated.
- Allows a treating physician, advanced practice nurse, or physician assistant to execute and exercise certain responsibilities concerning a POST form.
- Permits a representative to revoke a POST form if the declarant is incapable of making health care decisions and the representative acts: (1) in good faith; and (2) in accordance with the qualified person's intentions, if known, or in the qualified person's best interests, if the intentions are not known.
- Allows a POST document that was executed in another state and that meets certain conditions to be honored in Indiana. Requires the state department of health to maintain on the department's Internet web site a list of, or a link to the Internet web sites of, other states that may honor an Indiana POST form.
